

COMPANY PROFILES

Hangzhou Todaytec Digital Co., Ltd. (300743.SZ) is the worldwide leading manufacturer of thermal transfer ribbon. We are specializing in the R&D, design, production and sales of thermal transfer imaging materials. At the same time, we continue to explore new formulations, new processes, new materials for TTR and expand our product range & application areas to meet the challenges of the future.

Todaytec takes “Barcoding The World” as development vision.

Todaytec, as a global corporation, understands that product quality, dedicated people and the commitment to customer growth are what we drive success! With quality OEM specified ribbons, excellent customer service, global sales support and the most attractive pricing in the industry, Todaytec is looking forward to boosting your TTR business and achieving success in the TTR marketplace. We have been committed to creating persistent real value for customers, creating opportunities for stable development for employees and creating long-term generous returns for investors and society.
